T Trust

Cicerello's 2026

The now annual jaunt to Cicerello's continued again this year on Monday February 16th. It's always a good turn out and the weather always seems spot on. And overlooking the fishing boat harbour - well, you never get sick of that view!

And as everyone noted, "You get to catch up with olds friends." This reconnecting with old friends is the heart and soul of Tuart Place. These get togethers seem to bring out the best in all of us. The pics tell the story-"one big happy family" is how I saw it. One attendee said that they only come occasionally to Tuart Place, but they never miss the Cicerello's get-together!

Tuart Place Open Day 2026

We're still buzzing after our Tuart Place Open Day – what an incredible day it turned out to be! Around 150 people joined us at 24 High Street, and from the moment the doors opened, there was such a warm, welcoming energy right through the space. It really felt like a true celebration of community, connection and everything Tuart Place stands for.

Nick Abraham's smoking ceremony and welcome was a powerful and moving highlight, grounding us all and setting the tone for the day ahead. We then heard from Margo O'Bryne, Rachel Siewert and Dean Smith, who spoke so beautifully about Pip and the team, and the extraordinary work that continues to make Tuart Place such a vital and special community.

We also took a moment to thank Tim and Leonie for their support in helping us remain at 24 High Street – something we're incredibly grateful for.

The feedback has been amazing. People told us how much they loved being there, connecting, learning more about our work, and simply feeling part of something special. It was one of those days that reminded us just how strong and unique our community really is.

Massive congratulations to Tash and the team for an amazing day, and a special thank you to all our wonderful volunteers for helping to make the event a huge success.

CRITTERS UP CLOSE

“Tremendous!”

“Really grateful to be able to see and touch local fauna.”

“Absolutely loved it!”

These reviews summed up the presentation on Monday 16th February, which drew a very attentive crowd.

This presentation was one of the most attended and talked about for some time. Our presenter was superb. She answered every question put to her while also providing little known facts – we are sharing some of our favourites with you!

The tawny frogmouth was a hit with nearly everyone patting it, and the various lizards were fascinating. Significantly, no-one patted the red back...

DID YOU KNOW TAWNY FROGMOUTHS AREN'T OWLS? THEY'RE ACTUALLY MORE CLOSELY RELATED TO NIGHTJARS.

DID YOU KNOW SPLENDID GREEN TREE FROGS USE THEIR EYES TO HELP THEM SWALLOW?

DID YOU KNOW THE FRILL-NECK LIZARD RUNS ON ITS HIND LEGS WHEN IT'S TRYING TO ESCAPE PREDATORS?

Register your interest for our day trip to Moore River and Seabird

All aboard for a great day trip, with morning tea and lunch provided.

Wednesday 27th May, more details to come soon
